

Hydraulic tool lubricator

# Reliable tool protects hydraulic hammers from wear

For small to midsize machines and all type of cartridges

Unplanned downtime can be devastating to any mining or construction project. Protect your hammers against friction and wear with the hydraulic tool lubricator (HTL 201). With the HTL 201, you get a proven and versatile lubrication pump that attaches to hydraulic tools and works with the carrier machine's hydraulics.

The HTL 201 fits in tight spaces, which makes the pump a preferred choice for small and mid-size hydraulic hammers.

The versatile adapter offering makes it simple to utilize almost every cartridge on the market, from 310 ml cartridges to standard tubes.

The choice is yours! Purchase the HTL 201 cartridges prefilled with SKF Chisel paste or with any other lubricant brand from one source.

The pump has an aluminium change-over piston and a variable output of up to 6.7 cm<sup>3</sup>/min at 200 bar. It comes with a standard 120 bar pressure relief valve and an optional 270 bar one for progressive systems. It has a check valve, a large strainer, and a fine throttle.

## Features and benefits:

- Fits all hammer series
- Most compact design in the market
- Reliable performance thanks to fewer moving parts
- Various adapter and cartridge options
- Cartridges filled with SKF or any other grease or chisel paste
- Wide range of operating temperatures

*The HTL201 can be utilized with almost every cartridge type on the market to fit the different needs from small to mid-sized applications.*

## How to order

Part number	Designation	Cartridge size	Description
Pump bodies			
<b>642-41184-1</b>	HTL201-C7		Pump body only with pump element C7 for chisel paste
Adapter kits			
<b>542-33136-1</b>		380 ml	Adapter kit for 380 ml cartridge
<b>542-33135-1</b>		500 ml	Adapter kit for 500 ml cartridge
<b>542-60532-1</b>			Adapter kit for Lube-Shuttle system cartridges
<b>542-33472-1</b>			Adapter kit with standard tube reservoir
Pre-filled cartridges <sup>1</sup>			
<b>642-37636-2</b>		310 ml	Cartridge with SKF chisel paste (12 pieces)
<b>642-37608-8</b>		380 ml	Cartridge with SKF chisel paste (12 pieces)
<sup>1</sup> Other lubricants on request
